

Ongoing Stewardship and Planned Giving

July, 2019

The Site Council, the local governing body of the Camp, is working to improve the ongoing financial support of Camp Fontanelle. Horizons Stewardship is conducting an assessment of:

- current support and techniques used to communicate Camp needs
- camper and church perspectives concerning the Camp's operation and ministries
- potential opportunities and methods for expanding the financial support base

Horizons is also helping to form a team of volunteers, with defined roles, including training, to implement a more effective stewardship base so the Camp can continue to grow and serve.

Camp Fontanelle always has, and always will, appreciate every financial gift and every act of volunteer support. The hope is that this Site Council effort will enhance the opportunity for people to hear the Camp stories and receive as well as share in God's blessings as a result.

In the meantime, if you have input to this process, or questions concerning wills, trusts, annuities, or other planned giving options, please start by contacting Trent Meyer, Site Director, 402-459-0686, tmeyer@greatplainsumc.org, who will put you in touch with the appropriate experts, typically Nebraska United Methodist Foundation staff.

Or if you desire to set up regular monthly or annual giving to the Camp for Branching Out (capital) or operational support (annual appeal), there are links and documents on the "Ways to Donate or Help" section of the website for you to do so. Or, again, contact Trent if you don't find what you need.

Again, THANKS for being a partner with Camp Fontanelle in "impacting lives through intentional Christian community". God bless.
